- 10% Discounts when advertising in Nuclear Future:

Working with and for our members

As the UK's leading membership body for nuclear professionals, our activities are driven by our members. We build strong relationships with all our Corporate Affiliates as key partners in our growing professional community.

As a Corporate Affiliate you will have the opportunity to contribute to and influence our activities. We do this by involving you in surveys, consultations on specific topics, local Branch and YGN engagement and by seeking your input to our planned and proposed events programme. We look forward to welcoming you to the NI and to working with you.
