

Writing for Nuclear Future

Do you have news for us?

We want your news and views!

Please use the template below to submit content and articles for the front section of Nuclear Future.

Can you tell us about...

- New projects and programmes you're involved with?
- What your committee or network are up to?
- Any other committee updates – people, plans, professional workshops?
- Training and development updates in your area of the industry?
- Your opinion on an issue of the day for the new look 'Your say' or a letter to the editor?
- Your interesting route to the Nuclear Institute?
- A Nuclear Institute event and what you learned from it?

As well as being useful to members who could be interested in what you've shared, this is great CPD experience for your own career development.
