

Modelling in Nuclear Science and Engineering

Sponsorship Opportunities

7-8 November 2024
Manchester

Event Overview

This event will extend over a day and a half, including a conference dinner. The programme academia and industry are invited on a range of topics to advance the development and applications of computational methods in nuclear sciences and engineering.

Previous keynote speakers have come from the International Atomic Energy Agency, Great British Nuclear, University of Cambridge and National Nuclear Laboratory amongst many others.

Why Sponsor?

Align your organisation with this conference, which has built a reputation within the nuclear modelling community as a key event to share knowledge, connect and meet new collaborators.

With a substantial attendance from academia, including PhD students, this provides opportunities for recruitment of highly-skilled young people who are looking to join the nuclear industry.

In addition, your sponsorship indirectly facilitates the charitable activities carried out by the Nuclear Institute, supporting high standard of nuclear professionalism and the maintenance of an expert community in the nuclear industry.

Sponsorship Structure

Sponsorship packages will be offered on a 'first come, first served' basis.
All packages are subject to VAT @ 20%.
