

Nuclear Security Conference 2024

Sponsorship Opportunities

14 November 2024
Manchester

Conference Overview

Organised by the Nuclear Institute Security Special Interest Group, the Nuclear Institute Security Conference returns for 2024, offering unparalleled access to top experts, with an emphasis on networking and technical knowledge sharing.

The conference is moving to Manchester this year to allow more delegates to attend and provide more exhibition and networking space.

You should attend if you are looking to connect with nuclear security professionals, learn about the latest developments from across the growing civil and defence nuclear sectors, and are keen to shape the future of nuclear security.

Why Sponsor?

Align your organisation with this conference which is a key event for nuclear security professionals to share knowledge, connect and meet new collaborators.

Sponsorship will raise your organisation's profile within this growing sector, with more opportunities this year to exhibit and connect directly with delegates.

In addition, your sponsorship indirectly facilitates the charitable activities carried out by the Nuclear Institute, supporting high standard of nuclear professionalism and the maintenance of an expert community in the nuclear industry.
