

BECOMING AN EDUCATION AFFILIATE OF THE NUCLEAR INSTITUTE

EDUCATION AFFILIATE MEMBERSHIP

This membership aims to support educational institutions - particularly universities and FE/HE colleges - in delivering high-quality education to future nuclear professionals. It also encourages students to pursue careers in the nuclear sector by offering additional learning and development opportunities that complement their academic or vocational studies.

Benefits of becoming an Education Affiliate (EA) include:

- Unlimited Free **Affiliate membership** for students or apprentices enrolled in any taught nuclear-related, STEM related or PhD courses.
- Free **Associate membership** for up to two nominated department tutors or academics. This does not cover the cost of professional membership.
- Complimentary copy of **Nuclear Future**, the Nuclear Institute's bi-monthly magazine (Digital access for students).
- Permission to use the Nuclear Institute Education Affiliate logo.
- Discounted access to a wide range of **events, conferences, e-learning and professional** activities.
- Free job postings for student internships, apprenticeships, placements, and postgraduate opportunities on the NI Jobs Board.
- Opportunities to gain insight into the nuclear industry, build professional networks and contribute to research conducted by **Special Interest Groups**.

BECOMING AN EDUCATION AFFILIATE OF THE NUCLEAR INSTITUTE

Terms and conditions

1. Eligibility

Any university or college offering nuclear-related, STEM-related, or PhD-level courses is eligible to apply for Education Affiliate membership.

2. Who can be registered

Departments may register the following individuals for free Affiliate membership:

- a. Undergraduate and postgraduate students, regardless of their degree discipline
- b. Students enrolled in Levels 2–5 programmes that serve as a pathway to a career in nuclear
- c. PhD and research students

3. Membership Duration and Fees

Membership follows the calendar year and must be renewed annually, with payment due on 1 January each year. The Nuclear Institute reserves the right to adjust membership fees or benefits annually.

4. Non-Payment

Failure to pay membership fees on time may result in the termination of membership and all related benefits.

5. Course Endorsement

Education Affiliate membership does not constitute endorsement of any courses by the Nuclear Institute. Course endorsement is a separate, optional service that requires a formal application and supporting documentation. Additional details are available upon request.

6. Effect of Withdrawal on Endorsement

If an Education Affiliate terminates its membership, any course endorsements previously granted to that department will not be renewed.
