

STRATEGIC OBJECTIVES 2017-18

1. Vision

- 1.1 To promote and maintain a safe, secure, sustainable UK Nuclear Industry.

2. Mission

- 2.1 The Safety Directors' Forum is a voluntary organisation whose primary objectives, through collaboration, are to:

- Provide guidance to support operations across the whole lifecycle of the UK's nuclear facilities so they are conducted safely, securely and with care for the environment and with a proportionate approach to risk;
- Drive continuous improvement in the safety, security and environmental standards applied across the UK's nuclear industry through sharing good practice;
- Inform and influence Government Policy and regulatory approaches to ensure they are proportionate to the risks.

3. Strategic Objectives

- 3.1 The following define the Strategic Objectives for SDF for 2017-18:

SO1 - Improved integration between Safety and Security

SO2 - Managing impact of changing legislation on the UK nuclear industry

SO3 - Development and implementation of approach to Enabling Regulation with Regulators

SO4 - Developing closer working links with NEDF

SO5 - Continuous support to transformational change on supply chain management and performance
